

As a part of Kevadia Integrated Development the Children Nutrition Park was developed to promote healthy diet of children. As children are the future of the society it is required to make them aware of the nutritional elements of their food intake. It is not just a message for children, rather it is a message for the whole country and its sustenance.

About

3RD EDITION

The Nutrition park was inaugurated by Hon'able Prime Minister of India, Mr. Narendra Modi on 30th October, 2020. The Children Nutrition Park is an amazing vision of nutrition based theme park which focuses on healthy eating and nutritional benefits of fruits, vegetables, grains and dairy products. Based on the objective of "SAHI POSHAN DESH ROSHAN" this theme park has been developed with hi-tech mechanism and elements of entertainment to share and spread the knowledge of healthy diet and quality nutrition of the children.

Details

The Nutrition park is an well thought effort to promote healthy eating especially for children and their parents. The most exciting element of this park is the Nutrition train which travels 600 metres passing through various stations representing various phases of preparation and importance of food through displays of virtual characters, conversations with them, light and sound show of a fantasy farm etc.

Palshakha Griham: It is the 1st station which represents the efforts of a farmer while ploughing and phases of farming together with the importance of green vegetables as immunity booster which most children avoid to have.

PayoNagari: It is the station where the children gets to learn about the importance of milk in their diet through various games like "Feed the cow", "cow stands out", 'Churn the butter', 'milk story in a Hologram Box' etc. and virtual conversations with a technically developed character.

Annapura: As the name rightly suggests a virtual mother through an informative song narrates the importance of home cooked food for healthy future of the children. There are various digital games like 'space it right', 'place it right' are played to develop the interest of the children to tell the children regarding recipe, plating etc.

Poshan Puram: In this station a virtual girl named "Shakti" representing energy of children states the significance of having nuts and water which are two important requirement of body. Animated films, story telling regarding nuts, hydration are parts of this station.

Swastha Bharatam: This is the final station that states the utility and importance of physical exercises and yoga. Promoting the knowledge of Teacher – students relation in Indian sports it displays the age-old tradition of games and its effect on body. There are various virtual games like tennis, cricket, ice hockey etc. to satisfy the inquisitive mind and energetic body of the children.
